Two-component high-performance epoxy coating that delivers exceptional corrosion resistance, chemical protection, and adhesion. Ideal for heavy-duty industrial environments.

Applications

Pipelines, Metal Tanks, Machinery and Structural Steelwork.

Packing Available **4** **20** Liter

Hammer Tone Finish

Produces uniform hammered pattern with glossy, hard film. Widely used on electrical and machinery surfaces.

Applications

Steel Furniture, Electrical Fittings, Machineries, etc.

Packing Available **1** **4** **20** Liter

Metallic Finish

Durable, glossy twinkle finish for machinery and equipment. Ensures strong performance with good surface preparation.

Applications

Electric Motors, Diesel Engines, Pumps, etc.

Packing Available **1** **4** **20** Liter

2K Melamine Glossy & Matt

Premium two-component melamine coating offering excellent hardness, durability, and smooth finish. Provides superior chemical and scratch resistance for lasting beauty.

Applications

Wooden Furniture, Interior Panels, Metal Fixtures, Office & Home Décor.

Packing Available **20** Liter

1K Epoxy Coat

Single-component epoxy coating designed for quick application and strong adhesion on various metal surfaces. Offers good chemical and abrasion resistance with a smooth, uniform finish.

Applications

Machinery Parts, Steel Structures, Tools, and Industrial Equipment.

Packing Available **20** Liter

Acry Coat for Plastic

Specially formulated acrylic-based paint for plastic surfaces ensuring excellent flexibility, adhesion, and vibrant color finish. Resistant to peeling and fading for durable protection.

Applications

Plastic Components, Toys, Electronic Casings and Automotive Accessories.

Packing Available **4** **20** Liter

Aluminum Silver Paint

Wide Range of
Varnish & Thinners

Types of Primers

- PP Primer for Plastic
- Red Oxide Primer
- Zinc Chrome Primer
- Zinc Phosphate Primers

Company Profile

We are a progressive and quality-driven company engaged in the manufacturing of industrial and specialty paints. With years of expertise and a strong technical foundation, we are committed to delivering coatings that meet the highest standards of performance, durability, and finish.

Our philosophy revolves around continuous innovation and customer satisfaction. Every product we create is designed to offer superior protection, long-lasting appearance, and unmatched reliability across diverse applications. We take pride in a team of experienced professionals who combine skill, creativity, and precision to produce outstanding results. Their dedication and attention to detail have helped us build lasting relationships with clients across multiple industries.

Integrity, accountability, and service excellence define our core values. By maintaining strict quality controls and investing in modern technology, we ensure that our customers always receive products that reflect our promise of excellence.

Looking ahead, our vision is to strengthen our presence across India and beyond, offering customized paint solutions that add value, beauty, and protection to every surface we touch.
